

**** **If you DO NOT have a Power School Parent Account**, follow these directions to add your child with the Web Access ID and Web Access Password provided from Power School email you received after completing PreRegistration:

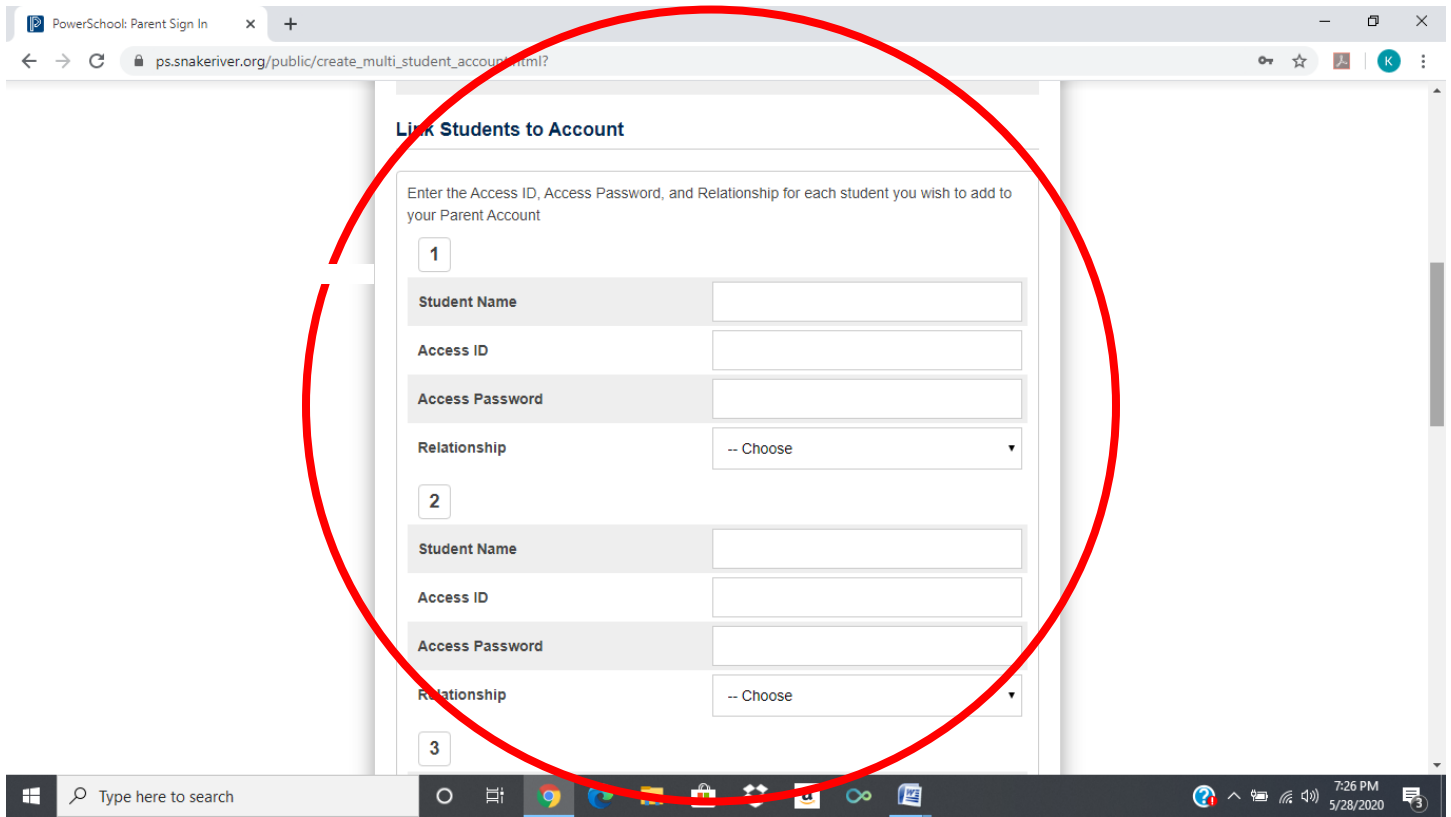

1. Go to the parent portal page at <https://ps.snakeriver.org/public/> and select "Create Account" then click the blue button "Create Account".

2. Complete the top section to create the username and password.

3. Then using the Access ID and Access Password provided in the Power School email, complete the “Link Students to Account” to add your child(ren) to your Power School Parent Account. If you receive an error regarding the Access ID and Access Password, please copy and paste the information directly from your email.

4. Once you have added the information for the child(ren) you want to add, click “enter.”
